Notes

Costs can vary based on your wants/needs and time of year traveling. Hotels cost \$250 for us because we used Marriott Bonvoy points. I included total estimated costs without the use of points. We also utilized free breakfasts at the hotels, brought some groceries, and saved food for lunches so we mostly paid for dinners, snacks, and treats. For tips on how to save on costs, DM me on IG at @rlbtravels! Interested in earning FREE travel points? DM me on IG for more information!
